  - Red Head/Foot End Labels .......................... 5118001
  - Blue Head/Foot End Labels (standard) ........ 5118002
  - Green Head/Foot End Labels ..................... 5118003
Function as Appealing as its Form
Pedigo’s 500 Pediatric Crib Stretcher, with its full function capabilities represents the standard of excellence in hospital cribs. The aesthetically pleasing design makes it perfect for any facility.

Casters
As a pediatric transport stretcher, the 500 rolls easily on 5” oversized casters. Two of the four casters lock to secure the stretcher while a third steering caster may be engaged for increased control and maneuverability.

Total Accessibility
The unique rounded corners reduce the overall size of the 500, yet provide the same amount of useful area on the 26½” x 55¾” mattress. The two-post support system provides 97% access to the patient by the medical team.

Side Rails
Side rails have two-inch bar spacing and a special epoxy finish that is warmer to the touch than chrome.

A True One-Handed Crib
For complete containment of the child, simply raise the counter balanced side rails to enclose the crib. Because the rails are counter balanced, there will be no sudden drop when released, preventing injury to the child or provider. Dual-action release handle is childproof and easy to operate, even with a child in one arm.

stretcher options

- FIXED SECURITY TOP
  Clear molded security top has an exclusive quick disconnect for fast, easy removal.

- SECURITY TOP - REMOVABLE
  Clear molded security top has removable window for access into the croupette and crib.

- IV POLE
  IV poles allow for bottles or bags to be suspended inside or outside the stretcher area.

- UTILITY SHELF
  Located at the base of the stretcher, utility shelf may be used for storing blankets or the child’s personal items.

- O₂ HOLDERS
  O₂ holder for E-size oxygen tank. Also available is Pedigo’s 5114001-1 O₂ Tank Holder to accommodate tanks with longer O₂ regulators.

- CRIB BUMPER PADS
  Siderail Bumper Pads measures 2” thick and 7” high. Standard, baby soft white color.
